

# GUILHERME GALAVERNA

Front-end Developer

With experience in Front-end development, I have already developed personal projects with **React.js** that involved consumption of external APIs. In 2025 I started looking for my first job as a developer. My stack involves the JavaScript ecosystem, as well as **TypeScript**, **Tailwind**, **Jest**, **React Query**, **Next.js**

## EDUCATION

Colégio Brasília, High School  
JAN/2021 - JAN/023

Rocketseat, React.js training  
JUL/2021 - JUL/2022

## PROJECTS

[Cognito](#) - School assessment management SaaS

[QuickCite](#) - AI-powered citation generation SaaS
